Hush  
I can hear you breathing  
Sweet  
The taste of your tender kiss  
I'm crazy, crazy tonight  
Baby hold me tonight  
Capture my heart

Hold me til morning  
Love me right now  
Catch me, I'm falling  
Never let go  
Hold me til morning  
Love me right now

Stop  
Let my love surround you  
Safe  
My face inside your hands  
I'm crazy, crazy tonight  
Baby hold me tonight  
Capture my heart

Hold me til morning  
Love me right now  
Catch me, I'm falling

Never let go

Hold me til morning  
Love me

And I will never be the same again  
Tonight lives forever in my dreams  
And I will be there when the morning comes  
Tonight lasts forever

Hold me til morning  
Love me right now  
Catch me, I'm falling  
Never let go  
Hold me til morning

Love me

Hold me til morning  
Love me right now  
Catch me, I'm falling  
Never let go  
Hold me til morning  
Love me

And I will never be the same again
