She's only known  
Heartache and pain  
But she's never known  
A pain like this

She stands slone  
Defending her name  
When all that she's done  
Is "be who she is"

Well, is it so wrong  
To be who we are  
When all that she's done is "fail"

'Cause she's so nice, naïve and beautiful  
Why does she get taken advantage  
Why does she live in a world so cold  
She takes advantage of the nice, naïve and the  
beautiful

Cold is the throne  
Of her hardened heart  
No one has seen  
The softest part

Day after night  
She holds an ache  
And won't budge to show  
This secret place

Well, is it so wrong  
To hang on to hurt  
Maybe she could  
Set it free

'Cause she's so nice, naïve and beautiful  
Why did she get taken for granted  
Why did she live in a world so cold  
He took advantage of the nice, naïve and the  
beautiful

If you've been there  
You know  
If you're still there  
Hang on  
We're all dealt our lumps of coal  
What you do with it can turn beautiful

Well, there's a life outside of your madness  
And there's a face behind every scar  
But there's a love overflowing with gladness  
Get out of that place that's restraining your love  
I said, get out of that place that's restraining your love
