We never talked about it  
'Cause you never even cared  
And what you really wanted  
I never even had

'Cause what may seem right  
And what may be wrong  
Seems out of sight  
In this place we belong  
Giving everything

Giving everything for love  
I'm finding out that it's not enough  
There's nothing left between you and I  
I'm finding faith but losing us  
When worlds collide

Together we seemed perfect  
A fairy tale for show  
I'm looking on the outside  
You'd never even know

That we're just not right  
When compromise is wrong  
Seems out of sight  
In this place we belong  
Giving everything

Giving everything for love  
I'm finding out that it's not enough  
There's nothing left between you and I  
I'm finding faith but losing us  
When worlds collide

We're just not right  
When compromise is wrong  
Seems out of sight  
In this place we belong  
Giving everything

Giving everything for love  
I'm finding out that it's not enough

There's nothing left between you and I  
I'm finding faith but losing us  
When worlds collide
