Catch me out of the corner of your eye
You will find that's the only glimpse you'll get

Silent steps through a darkened building
I slip past the guards
They never thought to check
Never even checked

You think you're tracking me but I sent a decoy
You raided my home as I watched from afar

Picking up now
Getting faster
Sprinting along
Watching my back farther and farther
By the time I get there you may be conscious again
But I'll say to myself

Can't find me now
Can't find me now
Can't find me now
Already half a world away
Can't find me now
Can't find me now
Can't find me now
Been gone since yesterday

Take your best shot
Take your best shot
Take your best shot
Take your best shot
Take your best shot
Take your best shot
Take your best shot
Take your best shot
Take your best shot now

Can't find me now
Can't find me now
Can't find me now
Already half a world away
Can't find me now
Can't find me now

Can't find me now
Been gone since yesterday
Can't find me now
Can't find me now
Can't find me now
Can't hear one word you say
