Sucked down into a whirlpool, going under  
Who she was, burning in the lights  
Now its all for show, in case you didn't know  
She's so far gone that she might as well go

Just go  
You know I won't deny it  
Oh oh  
She's not the girl you used to know

Walking on landmines  
Walking on landmines  
Making her way  
Just killing time, just killing time  
Walking on landmines  
Walking on landmines  
Don't bother looking for the girl you used to know,  
she's gone

Made herself into a living mannequin  
Lonely girl tries to find herself again  
It's all for show, but what she doesn't know  
Is he tears her down so then she's gotta let go

Let go  
When you're looking through the keyhole  
Oh oh  
Shes not the girl you used to know

Walking on landmines  
Walking on landmines  
Making her way  
Just killing time, just killing time  
Walking on landmines  
Walking on landmines  
Don't bother looking for the girl you used to know,  
she's gone

She's gone  
She's gone  
She's gone

Walking on landmines  
Walking on landmines  
Making her way  
Just killing time, just killing time  
Walking on landmines  
Walking on landmines  
Don't bother looking for the girl you used to know,  
she's gone  
Don't bother looking for the girl you used to know,  
she's gone  
Don't bother looking for the girl you used to know,  
she's gone
