He's afraid of what lies ahead for him  
Venturing into the unknown  
No one around him can truly sympathise  
On this journey, he goes alone

But I know it's not your time  
No, it's not your time  
And I know that it's not your time

And we will help you get up  
And get back on your feet again  
You've got to move on

He's afraid his life will always be like this  
But I know in my heart he's wrong  
Somehow he will be repaid for all of this  
All this time and energy gone

And I know it's not your time  
No, it's not your time  
And I know that it's not your time

And we will help you get up  
And get back on your feet again  
You've got to get up  
And get back on your feet again  
You've got to get up  
And get back on your feet again  
You've got to move on

(Move on)  
You've got to get up  
(Move on)  
(Move on, move on)  
You've got to get up  
(Move on, move on)

You've got to get up  
And get back on your feet again  
You've got to get up  
And get back on your feet again  
You've got to get up

And get back on your feet again  
You've got to get up  
And get back on your feet again  
You've got to move on  
You've got to move on now
