Feeling blue  
I'm thinking of you  
Oh, I was a fool  
To let you walk away.. (walk away)  
Tears in my eyes today  
Make my world the colour of blue

Red with a twist  
Orange of beautiful fire  
Green of tourmaline  
Yellow mellow hello, hello

Paint me a smile  
I am covered and  
Coloured with one, only one...

'Cause baby I'm alone,  
Alone without you  
What am I supposed to do?  
I'm alone, alone without you  
I'm the colour of blue

Feeling blue  
I'm thinking of you  
Oh, I was a fool  
To let you walk away  
Tears in my eyes today  
Make my world  
The colour of blue

Feeling blue  
I'm thinking of you  
Oh, I was a fool  
To let you walk away  
Tears in my eyes today  
Make my world the colour of blue
