ActionMen are ready to drink our fill
No water no coke Mauro's watching us...
How many teeth! ? His smile's so big but not equal
To the liters that's we gulp down
A night drunk drilling girl with the plastic cock
Let's rock
The car's out of bounds
Eternity I desire this night couldn't pass the day streak
Cold dawn
A car too fast, inside a wine taste
You can see dick showers, dancers, barmen, disco
gets us free
But the tragedy's near:
Have to go back home
My drunk mind should feel the fear
Eternity like this street, how far is my bed! ?
A cross! Wake Up Friend! SOCK!
A car too fast, inside a wine taste,
4 friends = 1 driver
The day after... headached laughsa
