You said you'd love me
I said I'd love you too..
I loved that stupid smile, the stupid things the stupid
things you do.
You said you needed me,
I said I needed you too..
And all that time I wasted just writing songs for you.
You said you wanted me,
I said I wanted you too..
The thing you didn't realize was all I want is you.

Broken hearts, the broken strings are all that I've seen,
since the day you left me young, naive, and seventeen.
Since that day, things have not changed things are still
the same like broken hearts and broken strings for me.

You said you'd love me
I said I'd love you too..
I loved that stupid smile, the stupid things the stupid
things you do.
You said you needed me,
I said I needed you too..
And all that time I waisted just writing songs for you.
You said you wanted me,
I said I wanted you too..
The thing you didn't realize was all I want is you.

Broken hearts, the broken strings are all that I've seen,
since the day you left me young, naive, and seventeen.
since that day, things have not changed things are still
the same like broken hearts and broken strings for me.

(broken hearts and broken strings for me.)

(broken hearts and broken strings for me.)

(broken hearts and broken strings for me.)

(broken hearts and broken strings for me.)

(broken hearts and broken strings for me.)

(broken hearts and broken strings for me.)

(broken hearts and broken strings for me.)

Broken hearts, the broken strings are all that I've seen,
since the day you left me young, naive, and seventeen,
since that day,

Things have not changed things are still the same like
broken hearts and broken strings for me.
