You got to be King and be ruler of everything
If you want me I'll put up a fight
You want me come, find me
I'm not giving it all to you I think you better get over it
You want me come, find me
I'm not giving it all to you

Chorus:

Oh, My, GOD
You want to get beat, you want to get me
I, Feel, Your, Heart
It's in my hands, you understand I
Think you need to get over it
I told you

Like everyone I've grown tired of you
They think you're shit just like I do
You want me come, find me
I'm not giving it all to you I think you need to back down
You want me come, find me
I'm not giving it all to you

Chorus:

Oh, My, GOD
You're like a bad dream, some kind of nightmare
I, Feel, Your, Heart
It's in my hands, you understand I
Think you need to get over it
Fuckin get over it

(Solo)

Repeat Chorus
