It's just another day in the neighborhood  
No work and all play and I'm feeling good  
Got a few voices in my head  
Got a little monster in my bed  
People think I'm crazy and that I am weird  
I should wear a sign that says beware  
I have a blue pill that will make you weep  
If you take three it could make you sleep

People get the munchies when they get real high  
I can get the munchies when I start to cry  
I went to the prom and I wore blue sneakers  
Didn't have a date had to dance with a teacher  
It's just another day in the neighborhood  
No work and but all play and I'm feeling good  
Got a few voices in my head  
Got a little monster in my bed

If you were me, then your really gonna  
Be free and High on life, I'm gonna show ya  
If you were me  
Be free, For a little while

Chorus:

It's just another day in the neighborhood  
Took two Jawn and I'm feeling good  
Head on over, feel your lies  
Coming on back with your hearts desire  
People get the munchies when they get real high  
Feeling down now, I start to cry  
Head on over, relax your mind  
And let that guitar sing the Devil's Prayer

I like the color red but I wear all black  
I draw on the walls cause I don't know how to act  
I got a new boyfriend, his name is Fred  
If you wanna meet him he lives under my bed  
People look at me and they think I'm strange  
I never had a job, I keep forgetting my name  
You wanna feel nice I'll lead the way  
Got the voices in my head screaming, Oh behave

If you were me, then your really gonna  
Be free and High on life, I'm gonna show ya  
If you were me  
Be free, For a little while

(Chorus)  
(Solo)

Now tell me how does it feel, to feel nice in your head  
Now tell me how does it feel, to feel nice (yea) (2x)

Now tell me how it feels, to feel nice in your head  
You lived your life like you wanted to  
And baby everything's okay
