You and I, a back and forth picture
Neck in neck I pull ahead past ya
You stay cool to bring me back closer
I pull back to make you seem taller
Stuck in this power trip frenzy
Dead weight you drag alongside me
A scared leach you suck my skin freely
A quick flick I'll fling you off happily

Won't go give it up for you,
Don't give it up, won't give it up

OK you throw a low blow
Tell me off for playing on your stereo
On your stereo, on your stereo
Oh, you're afraid I'm playing on your stereo
OK you've hit a new low
Tell me off for playing on your stereo
On your stereo, on your stereo
Oh, you're afraid I'm playing on your stereo

Last chance to stand on my shoulders
Quick fix to make you feel fuller
Your lips may move while I'm speaking
Well find a voice since I'm leaving
Don't pout cause I'm the bread winner
Without me you'll just be thinner
Starvation suits you so perfectly
Write your little songs to get back at me

Won't go give it up for you,
I won't go give it up for you,
I won't go give it up for you,
Don't give it up, won't give it up

OK you throw a low blow
Tell me off for playing on your stereo
On your stereo, on your stereo
Oh, you're afraid I'm playing on your stereo
OK you've hit a new low
Tell me off for playing on your stereo
On your stereo, on your stereo

Oh, you're afraid I'm playing on your stereo

I won't dumb down, I won't play fair
I won't keep to myself, you'll see me everywhere

OK you throw a low blow
Tell me off for playing on your stereo
On your stereo, on your stereo
Oh, you're afraid I'm playing on your stereo
OK you've hit a new low
Tell me off for playing on your stereo
On your stereo, on your stereo
Oh, you're afraid I'm playing on your stereo
