Do you remember me?  
Long ago on bended knee  
I prayed to you  
With childhood fantasy  
Well I'm all grown up now  
Can you still help somehow  
I'm not a child  
But my heart still can dream  
Please hear my prayer tonight  
And help me do what's right  
Not for myself  
But for a world in need

No more lives torn apart  
That wars would never start  
And time would heal all hearts  
And every man would have a friend  
And right would always win  
And love would never end  
This is my prayer for every year

May kindness rule our lives  
Not just the strong survive  
Sweet tears for all  
Thousand years gone by  
This is the world I pray  
We will share someday  
Let me begin by reaching out my hand (my hand)

No more lives torn apart  
That wars would never start  
And time would heal all hearts  
Every man would have a friend  
And right would always win  
And love would never end  
This is my prayer for every year

What is this illusion called  
The innocence of youth  
Maybe only in their  
Blind belief will we ever find the truth

No more lives torn apart (torn apart)  
That wars would never start (never start)  
And time would heal all hearts (hearts)  
And every man would have a friend (have a friend)  
And right would always win (always win)  
And love would never end  
This is my prayer for every year  
This is the prayer I hope you hear  
This is my prayer for every year
