She's a pretty girl  
She's always fallin' down  
And I think I just fell in love with her  
But she will never remember, remember

And I can always find her  
At the bottom of a plastic cup  
Drownin' in drunk sincerity  
A sad and lonely girl

Quit cryin' your eyes out  
Quit cryin' your eyes out and baby come on  
Isn't there something familiar about me?  
The past is only the future with the lights on  
Quit cryin' your eyes out, baby

And she said, "I think we're runnin' out of  
alcohol  
Tonight I hate this fucking town  
And all my best friends will be the death of me  
But they won't ever remember, remember"

"So please take me far away  
Before I'm melt into the ground  
And all my words get used against me"  
You sad and lonely girl

Quit cryin' your eyes out  
Quit cryin' your eyes out and baby come on  
Isn't there something familiar about me?  
The past is only the future with the lights on  
Quit cryin' your eyes out, baby

Quit cryin' your eyes out  
Quit cryin' your eyes out and baby come on  
Isn't there something familiar about me?  
The past is only the future with the lights on

Quit cryin' your eyes out  
Isn't there something familiar about me?  
Quit cryin' your eyes out  
The past is only the future with the lights on

So quit cryin' your eyes out, baby
