Hopelessness  
Keeps my company  
At night our arguments  
It's something you can't fight  
But in my heart  
I know this isn't right  
we're still holding on  
for one last night  
and i know you most be scared  
but i dont think either of us prepared  
Give it all up just to keep you here because  
A world without you is my worst fear

So why don't you tell me everything you're gonna  
wanna say?  
It's getting harder to live without you every day  
And if I had told you that I loved you  
would you still love me too?

I'll be your romeo  
You'll be my juliet  
'Cause I've been in love with you  
Since the first day we met

and i know our love might just die,  
but it couldnt hurt,  
just to give it one last try

So why don't you tell me everything you're gonna  
wanna say?  
'Cause it's getting harder to live without you every day  
And if I had told you that I loved you  
would you still love me too?  
Why don't you tell me what you're feeling now  
cause its getting harder to wait all this out  
i think we should just start over new  
cause i'm afraid i'm gunna lose you

So why don't you tell me everything you're gonna  
wanna say?  
'Cause it's getting harder to live without you every day

And if I had told you that I loved you  
would you still love me too?
