Imposter

[chorus:]

Imposter - i am the torch at the gate  
Imposter - i am the switch in the grenade  
Imposter - i am the rush within the raid  
Imposter - aren't we all set to detonate.

The bulwarks have all shanties erased and we're all  
choking on the aftertaste  
The cartels where destitution leads - enjoy the  
occidental stampede  
These fraudulent defenders are all coming of age  
Extraneous endeavors to finalize their wage

[chorus]

Ah worshipper of assets - the affiliate herd  
And covered by the menace - we all inhale the dirt

Ah the sum of all parts - makes us communards/  
communards  
Ah the sum of all parts - makes us communards/  
communards

1 i strip - my sleeve - and show my horrid scar  
- rebellion is the blood that drips from this guitar  
2 i lift - my shoes - and show my broken feet  
- rebellion is the blood that pours down from this beat  
3 i pull - my tongue - and show my bitter taste  
- rebellion is the blood that trickles from this bass  
4 i cut - my skin - and show my brittle bones  
- rebellion is the blood that gushes from this  
microphone  
5 ah - rebellion has to be / it has to be contagious  
- because they try to do away with every last one of us  
6 ah - rebellion has to be / it has to be contagious  
- because they try to do away with all of us - all of us

(backings) the killer's holding office - yeah  
He pulled our tongues - he broke our bones- na na na

na
