Visit "[Our Christmas Prayer](#)" on MotoLyrics.com

The snow is falling as I make my way back home
I feel so grateful I have somewhere I can go
But in troubled times like these
With all the ones I need
It's Christmas time
So Jesus I'm before You on my knees

Chorus:

We pray for joy, we pray for peace
From the west unto the east
And that every man may find someone to love
We pray for strength, we pray for life
And on this holiest of nights
Deliver hope where there's despair
Jesus hear our christmas prayer

I pray that I become what You would have me be
That I would give as much as You have given me
In a world that's torn apart
Heal the hatred in our hearts
It's Christmas time
And there's no better time for us to start

Chorus

Merry Christmas, Merry Christmas
Lord hear our prayer

Chorus
