"Use Me"

Look love what you've done to me
Not a sound, snuck up on me
Double take and I'm turned around, around

So many nights I laid awake
Hoping it was not too late
Try to go then I hesitate
But now, but now

Channel:
I gotta face the facts
Can't run away or hold it back
I'm gonna give it all I have
And I want you to

CHORUS:
Use me
Teach me
I want to go wherever you lead me
Take me
Lead me
'Cause I know in my soul that you won't deceive me
Use me
Reach me
See, right where you are is where
I want to be
And I'm ready to give my heart away
Come on and use me

It's a tug a war sometimes
And life's reverse this mind
But there's nothing I can't deal (I can't deal with)
This time I can prove to you
I'm the man you say you always knew
Got a lot that I mean for real, for real

Channel:
I've gotta face the facts
Can't run away or hold it back
I wanna share all that I've learned
And I want you to

.:Repeat Chorus:.

Come on and use me (2x)

('Cause I'll never be afraid to give you anything you want)

Come on and use me

You gotta use me

('Cause I need to make it easy when the others make it hard)

Come on and use me (2x)

('Cause I'll never be afraid to give you anything you want)

Come on and use me

You gotta use me

('Cause I need to make it easy when the others make it hard)

.:Repeat Chorus:.
