Looking into your eyes,
I see all I want to be
And I don't want it to end.
If I could only put two words the way I see you,
I only know I had an angel with me now

And when I fall asleep, you're all that I see,
You're in my thoughts and all of my prayers,
I wish I could be all that you mean to me.

My angel without wings,
My angel.

I wish you could see all that you mean to me,
But I could never find the words to tell you.

And when I fall asleep, you're all that I see,
You're in my thoughts and all of my prayers,
I wish I could be all that you mean to me.

And when I fall asleep, you're all that I see,
You're in my thoughts and all of my prayers,
I wish I could mean all that you mean to me.

My angel without wings.
