Who with, and what if?
Was it an Indian gift?
It should be easy to remember
Something easy to remember

It's all right, it's all right
It's all right, it's all right
It's all right, it's all right

My drinks are un-drunk
My songs are unsung
There must be something I've forgotten
Something here that I've forgotten

It's all right, it's all right
It's all right, it's all right
It's all right, it's all right

Something here that I'll remember
Some things are easy to remember, hey

It's all right, it's all right
It's all right, it's all right
It's all right, it's all right
It's all right, it's all right
It's all right, it's all right
It's all right, it's all right
It's all right, it's all right
It's all right, it's all right
