Will you give me a minute  
And then show me an hour more?  
Can you find something in it  
That I can't ignore?  
I'm after it  
I'm after it  
And you'll know  
I keep thinking about all you lucky people  
Coming by to say hello, hello  
That's all, now  
That's all, now

Won't you give me your secret  
And allow me a tale to sell  
To the guests of the guilty at the gates of hell?  
I'm after it  
I'm after it  
And you'll know  
I keep looking at all you lucky people  
Coming around to say hello, hello  
So nice, now  
So nice, now

So then wait for a minute  
I won't ask for a second more  
We could find something in it worth fighting for  
I'm after it  
I'm after it  
And you'll know  
I keep looking at all you lucky people  
Stopping by to say hello  
Hello, hello, hello  
I'm the same, you're the same  
I'm the same, you're the same  
I've got nothing, I've got nothing  
I've got nothing but time now  
I've got nothing, I've got nothing  
I've got nothing but time now
