Everybody is talking, many words are spoken
And they're telling me things they think I wanna hear
Enough is enough it's time to get serious
If you tell me you love me
Well it better be the truth

I mean every word I say

Well I know that the things that we say are sometimes
automatic
We just follow a script like a character reading his lines
Enough is enough it's time to get serious
And if you talk about love
Know the meaning of the word

I mean every word I say

From my heart to my head
From my head to my mouth
Can the words cross the air between us
Oh, and be true?

I mean every word I say
