You with your headaches
Me with my golden voice
I meant it all, I meant it all
The same, the same
The same, the same
The same, the same
I'm working on a riddle
I pray that God can keep this secret safe another day
So I can find some time

Believe me, believe me, believe me
I'm fine
Believe me, believe me, believe me
I'm fine

I've seen a father's grief
I've seen a crazy drunk
I've taken some
And I'm waking up
The same, the same
The same, the same
The same, the same
I'm leaning on forever
God knows I want to have it in my sight and I can't say
Goodbye, I want to try

Believe me, believe me, believe me
I'm fine
Believe me, believe me, believe me
I'm fine

Sneaking up again, again, the end
I thought that I was better
Sneaking up again, again, the end
I thought that I was better
Sneaking up again, again, the end
I thought that I was better

You and your virtue
Me and my silver tongue
I'll let it out
I'll talk about

The pain, the pain
The pain, the pain
The pain, the pain
Some mystery perfecta
These puzzles try to fool the fools and drive the genius
mad
It isn't safe to come home
It isn't safe to pick me up

Believe me, believe me, believe me
I'm fine
Believe me, believe me, believe me
I'm fine
