

Adam Again "Walk Away"

Visit "[Walk Away](#)" on MotoLyrics.com

Tonight is the night
You choose who to follow
That hole in your heart
Tonight can be filled
Think all you want
It won't change what is real
Forever-remember
This was the night for you

I see your tears, I hear your cry for help
Just one more step
But every time you turn around and walk away

Walk away, You always walk away
Walk away, Again you walk away

You know why you're here
The Father has called you
There's no guarantee
Tomorrow your heart might just stop

How many more chances do you think you'll have
Remember-forever
This was the night for you
