

Adam Again "Who Can Hold Us"

We're supposed to live and learn
But everyday the world becomes more of a place
Where none of us belong

I hadn't seen her in a while
She says "Gene, I'm broken up inside
And lately I feel like talking to somebody
Who knows a place to hide."

Who can hold us?
Who can hold us?
Who can hold us?
People say

I believe that there's a God
And in my heart I know He truly loves us all
And if the world would fall into his arms
We'll find our answer there

Who can hold us?
Who can hold us?
Who can hold us?
