

Diorama **"Two Boats"**

Visit "[Two Boats](#)" on MotoLyrics.com

Two boats struggle for balance
In a weightless field of trance

Sway to stay protected
Vanish never to return

I'm lost to the world
Take me home don't take me home

Two boats ravaged by shockwaves
Cover traces of rebellion

Spirits who know gladness

Live beyond the prison wall

I am in here waiting
Frozen in a monologue

I am out there waiting
In search of undiscovered skies

Take me on take me on
I am the cause I'm not the cause

Take me on take me home
