Nate

Could it be yesterday
I coulda swore the same thing happened just the other
day
Put on the spot
Now what am I gonna say
If I tell them who You are will they think that I'm insane?
Do I really care?

Nathan

Well yes and no, maybe so
Cause if they don't think You're real how will they ever
know
So I won't stop
Cause even if they laugh at me
It doesn't change a thing about what I believe

Chorus

I don't care what it takes
I don't care who it shakes
I don't care what they say
I'm gonna do it Your way
Even if I'm afraid
Don't wanna make You look fake
I don't care about anything
It's not about me

Jason

You make me feel secure
You've given my your word and now I know I'm sure
I was so messed up
Like a wheel you turned around my fate
When I thought you were just something up in outer
space
But that's not the case

Nate

You're more real to me
Than what they make you out to be on the TV
Can you turn me up
'Cause you know we're getting serious
When we talk about the invisible it's clear to us (so clear

to us)

Chorus

Jason

I don't care about the things that used to keep me far
away from you
They left me so confused
I don't care about the fear that tries to fill me up with so
much doubt
It turns me inside out

Gabe (RAP)

So if they start to wonder
and if they start to stare
You know it don't matter cause
I don't care

Chorus
