Bare, naked and bare is how I came  
And I'll be leaving just the same  
So why be afraid  
Yeah.....

*[Chorus]*

I'm a poor man  
Walking down the road  
The straight and narrow  
is leading me to gold

Space, the second floor of outer space  
Where all infinity awaits  
I'm on my way  
To a better place

*[Chorus]*

I'm a poor man  
Walking down the road  
The straight and narrow is leading me to gold

So I'm a rich man  
walking down the road  
The straight and narrow is leading me to

You gave to me  
Life ever lasting  
All I can see is life ever lasting *[1x]*

*[Chorus]*

I'm a poor man  
Walking down the road  
The straight and narrow is  
leading me to gold

You gave to me  
Life ever lasting  
All I can see is  
Life ever lasting *[1x]*
