"Somebody Needs You"

Visit "[Somebody Needs You](#)" on MotoLyrics.com

I'm only human
Sometimes I make mistakes
If you forgive me
I'm gonna do what it takes
And now I know better
To hurt you was wrong
Girl, it's with you I belong

Chorus:
Somebody needs you
Like never before
Somebody wants your love
Baby, open the door
Don't you leave me alone
Don't you turn out the light
Somebody wants you
Somebody needs you, tonight

I've been thinking
We should be talking it through
You must believe me
I'll make it all up to you
Cause now I know better
To hurt you was wrong
Girl, it's with you I belong

REPEAT CHORUS

In the dark
When there's no one else around
I still pray
That our love can be found

REPEAT CHORUS 2 TIMES
