I'm so scared that you would see
All the weakness inside of me
I'm so scared of letting go
That the pain I feel will show

I know you want to hear me speak
But I'm afraid that if i start to...
I'll never stop!

I want you to know
You belong in my life
I love the hope I see in your eyes
For you I would fly, at least I would try
For you I'll take
The last flight out

I'm afraid that you would leave
As my secrets have been revealed
Here in my dreams you'll always stay
Every breathing moment from now

I know you want to hear me speak
But I'm afraid that if I start to...
I'll never stop

I want you to know
You belong in my life
I love the hope I see in your eyes
For you I would fly at least I would try
For you I'll take
The last flight out

I cannot hold back the truth no more
I let you wait to long
Wait to long
All though it's hard
And scares me so
Alive without you scares me more.....

Scares me more
Scares me more

Scares me more

The last flight out
I would fly
yeah.... baby
at least I would try
For you I'll take
The last flight out

I want you to know
You belong in my life
I love the hope I see in your eyes, baby
For you I would fly atleast I would try
For you... I'll take...
The last flight out.
