I know that lately  
Things have been so hard  
And looking out  
Through your broken heart  
All you can see is dark  
And lonely days ahead  
But remember Jesus said

*[c h o r u s]*

He knows every star in the sky  
Every single tear that you cry  
His love is here faithful and alive  
I know that this world can be cold  
In His arms you're never alone  
That's His promise to you and I

When hope has disappeared  
And your heart aches  
You might not recognize  
The touch of grace  
But on the other side

Of every dying dream  
His love is waiting patiently

*[c h o r u s]*

With every angel there's a love  
That never leaves your side  
His love is deeper than the ocean  
Or a mountain high  
You've got to know  
There's hope in your heart

And if you listen with your heart  
I know you'll hear Him say  
You are My child and I am with you  
Each and every day  
He is the one who knows your soul

*[c h o r u s]*

That's the promise for you and I
