Whenever I'm feelin' down  
Feelin' insecure  
I like the way you come around  
And offer me the cure  
You know exactly what to say  
The pieces fall in place  
You make it all okay

When you show me you love me  
I can do anything  
You give me something to believe in  
And you're everything I need

*[Chorus]*

Under the influence of what you got  
Under the influence of what is true  
I'm goin' higher than I've ever been  
'Cause I'm under the influence of you  
Under the influence what you give  
Under the influence what you do  
I'm goin farther than I've ever been

'Cause I'm under the influence of you

Something's coming over me  
I like the way it feels  
Becoming who I want to be  
'Cause it's your love that heals  
It's the way you understand  
You know just who I am  
I hold onto your hand

When you show me you love me  
I can do anything  
You give me something to believe in  
And you're everything I need

*[Repeat Chorus]*

And it feels so good  
I'm intoxicated  
And I just can't get enough

Just like it should  
I'll always be living and  
rising up above

*[Repeat Chorus]*
