"When Your Spirit Gets Too Weak"

Visit "[When Your Spirit Gets Too Weak](#)" on MotoLyrics.com

We beg to borrow We beg to steal We beg forgiveness
We beg to feel We beg for love I guess we beg for hate
We beg for everything And pray it's not too late What
everybody's tryna' feel I guess we're tryna' heal
Everybody's got to kneel No way to reinvent the wheel
Everybody's got to Stand up on their feet Everybody
needs a dream When the spirit gets too weak

chorus

So when your spirit gets too weak When the water
seems too deep When you think there's just no way I'll
be there for you night and day When the mountain
Seems too steep When your spirit gets too weak When
you thinks there's just no way I'll be there for you night
and day We beg for happiness We beg for tears We
beg for courage Just to overcome our fears We beg to
rise above And hope we never fall We beg for
everything And pray he hears our call What
everybody's tryna' feel I guess we're tryna' heal
Everybody's got to kneel No way to reinvent the wheel
Everybody's got to Stand up on their feet Gotta be
there for your brother When the spirit gets too weak

Repeat chorus

Although the road is rough And sometimes you feel
Like it ain't enough We'll be there for each other We'll
find the way

Repeat chorus
