Can you see?
All you do is talk
You never seem to hear
Living in the dark
You need a little fear

Fall to your Knees
Slit your throat to watch you bleed
DEVOUR YOUR SOUL

Can you feel?
Bleeding From the heart
Hear it fucking drip
Grip your fucking soul
Feel it fucking rip

Fall to your Knees
Slit your throat to watch you bleed
DEVOUR YOUR SOUL

End of your life has come
Grovel in your grave
Beg to the reaper master is now the slave

End of your life has come
Grovel in your grave
Beg to the reaper master is now the slave
