you left me in the morning..
you left me in the morning..

[verse 1]

you left me in the morning and took my dreams away,
I need you in my heart, every hour, every day.
Only for a moment I am so confused
but soon you'll be home, together me and you
(together me and you)

[chorus]

I've got so many reasons to stay with you,
I've got so many reasons to follow you,
I've got so many reasons to be with you, what you
wanna do?
Do you want me to?
I've got so many reasons to stay with you,
I've got so many reasons to follow you,
I've got so many reasons to be with you, what you
wanna do?
Do you want me to?

[Verse 2]

My heart is beating faster when you touch my skin
I feel all your love, I know this is a sin.
I wake up in the morning, open up my eyes
I am not alone, I've got you by my side (I've got you by
my side)

[chorus]

[bridge]

I've got so many reasons to stay with you..
I've got so many reasons to follow you..
I've got so many reasons to be with you..
I've got so many reasons to be with you, do you want it
to?
Do you want it to?

[chorus]x2

I've got so many reasons to stay with you,

I've got so many reasons to follow you,
I've got so many reasons to be with you, what you
wanna do?
Do you want me to?
I've got so many reasons to stay with you,
I've got so many reasons to follow you,
I've got so many reasons to be with you, what you
wanna do?
Do you want me to?
