

Disiplin "Liberation"

Visit "[Liberation](#)" on MotoLyrics.com

It is the age of iron - age of liberation
We thrive within disorder
Chaos gather in the horizon
It's time for beast - it's time for discipline

Cold - iron - claw
Steel - aggressive - law
Fear - inducing - tension
All await the coming of...

Liberation...

Break all restrains - it is the age of iron
Within you lurks a predator

Unchain yourself - cold-blooded creature
Achieve the ultimate end...

Cold - iron - claw
Steel - aggressive - law
Fear - inducing - tension
All await the coming of...

Liberation...

This is just the beginning...
You shall see with new eyes...
You shall see the world as it truly is...
You shall be liberated...
