Sweat suffocate,
got to pack pack pack it all in
Bend your knees two three four,
breath in breath out and then
Grab your partners,
and pull them on out to the floor
Cause we can never step out,
if we think of love

Ohhh no it's out of the question,
if I choke would you give me a mention
The point is sharp,
it's just a little off centred,
oh oh oh bang my head
you won't knock me out
Won't knock me out

Here comes banana,
and he's holding up a big mellow sign
Fruits of the world unite,
and stop the smothie inquisition
I see more sex in fruit,
than music played in this time
Oh more division,
in the crackpot hollow crime

Ohhh no it's out of the question,
if I choke would you give me a mention
The point is sharp,
it's just a little off centred,
oh oh oh bang my head
you won't knock me out
Won't knock me out

Ohhh no it's out of the question,
if I choke would you give me a mention
The point is sharp,
it's just a little off centred,
oh oh oh bang my head
you won't knock me out
Won't knock me out

I own you here
