Did they
Would they
hurt the hurting, and purse the earnings
Why they
Play games
Cursed politics it's dirt and bullshit

Don't you wish you could use your mouth as a gun?
Just turn around and shoot them down

The blue red and white
The English knights
First your own wars
Don't support the cause

Killers
Don't kill killers
They kill innocents
Ones who can't resist
Two wrongs
Scorch my family
In a broken country

Killers
Don't kill killers
They kill innocents
Ones who can't resist
Two wrongs
Scorch my family
In a broken country

Killers
Don't kill killers
They kill innocents
Ones who can't resist
Two wrongs
Scorch my family
In a broken country
