Everywhere in a hundred different places  
On Lumiere and Cogsworth's faces  
You can see it's Christmas Eve  
Christmas lights, candles burning in the windows  
When the dwarfs put on their best clothes  
I believe it's Christmas Eve

Christmas is coming and everyone sees  
Bows on the presents and snow on the trees  
Flounder's excited, Sebastian's so pleased  
Joy is in the air  
Christmas is coming for one and for all  
Good friends and family are coming to call  
I bought the Prince slippers, they're throwing a ball  
Christmas is everywhere

All around there are Christmas decorations  
Happy Christmas celebrations  
You can see it's Christmas Eve  
Stars shine bright, fires burning, cookies baking  
Christmas dinners in the making  
Telling me it's Christmas Eve

Christmas is coming, the stockings are hung  
You know that it's Christmas when carols are sung  
How can you sleep, there are bells to be rung  
And friends to tell that you care  
Christmas is coming, the best time of year  
The palace is humming and filled with good cheer  
It's more fun than riding a carpet, my dear  
Christmas is everywhere

Spending Christmas in the ocean  
Spending Christmas with my friends  
Holidays at home are the best I've known  
And my heart has flown ever since

Christmas is coming for one and for all  
Good friends and family are coming to call  
We're so glad it's Christmas, we're off to the ball  
Christmas is everywhere  
Christmas is coming, we're happy it's time

Just being together with friends that are mine  
Whatever the weather, the world seems to shine

When Christmas  
When Christmas  
When Christmas  
Is everywhere

Christmas is coming for one and for all  
Good friends and family are coming to call  
We're so glad it's Christmas, we're off to the ball  
Christmas is everywhere  
Christmas is coming, we're happy it's time  
Just being together with friends that are mine  
Whatever the weather, the world seems to shine
