(A. Cordes/D. Was/C. Carter)

Legs of a god
Head of a man
Eyes on the camera
Shaking everyone's hands
Fortune Circle
Smack their lips
Sky goes black
As the lightening
stars are new
and hung without pay
As weirs of blood
Roll over the city
It's not a rehearsal
or special effects
It's the end of the story
It's what happens next
(Chorus)
And I say
(and I say)
It's coming any second
And I say and I say
In the blink of an eye
And I say
(and I say)
If I beg and i whimper
And I say it's okay
If you never say goodbye
Son of the child
Son of the beast
As it slouches and slithers
To wait for the feast
I drempt a dream
But what can it mean?

Angels in love
To follow the queen
All the people danced
Tore at their clothes
Sky caught fire
And the oceans froze
It wasn't our fable

It wasn't our hoax
With seventeen men that were
Thinking of jokes
(Chorus)
I saw a jackel
Playing our gun
The light was so blue
And the air was so cold
Tells it how
On a microphone
As the mask he appeared from
Chickened out
People wept
and swallowed their jewels
Enter black soldiers
To pardon these fools
It isn't a sentence
It's not a reward
It's a black parachute
With a noose for a chord
(Chorus)
And I say it's okay if you never say goodbye (5X)
