Ohh, if you should ever go
Don't ever think I'd never missed you
If we should ever say goodbye
What makes you think that I'll survive, hho

Even if you go
I will always be there for you, oo
When I think of all, all your reasons why
It only brings tears to my eyes

Without you in my eyes
I always find my mind is miles from anything
Without you in my life
I am deep inside, miles from anything

Oh oh, every time you cry
Why do I always feel like, like I let you?
If we should ever fade away, baby
How can you think I'd let it stay this way

You don't ever wonder, oh oh ho
What this is the future has for me and you
Whenever you look into my eyes, baby
Baby, you should understand all inside

Without you in my life
I always find my mind is miles from anything
Without you in my life
I am deep inside, miles from anything

Miles and miles and miles and miles away
Miles and miles and miles and miles away
Miles and miles and miles and miles away
Miles and miles and miles and miles away

Miles and miles and miles and miles away
Miles and miles and miles and miles away
Miles and miles and miles and miles away
Miles and miles and miles and miles away

Without you in my life
I always find my mind is miles from anything

Without you in my life
I am deep inside, miles from anything

Miles and miles and miles and miles away
Miles and miles and miles and miles away
Miles and miles and miles and miles away
