Stay away from me  
Stay away from me

Only you  
Can tell me I love you and not  
Know the truth  
Only you  
Can hurt me this much and I know  
That you do

I know we're no good for each other  
But every time I see you I change my mind

So could you, please  
Stay away from me  
As much as I want you back  
I don't want you back  
Could you please  
Stay away from me  
As much as I want you back

I don't want you back

Only I  
Could let myself fall in love  
Like a fool  
If Only I  
Could've found out the difference in time  
Enough to choose

I know we're no good for each other  
But every time I see you I change my mind

So could you, please  
Stay away from me  
As much as I want you back  
I don't want you back  
Could you please  
Stay away from me  
As much as I want you back  
I don't want you back

Maybe I'm supposed to be by myself  
God knows that I don't want nobody else  
Maybe you and I could try to fix ourselves  
But there I go changing my mind

So could you, please  
Stay away from me  
As much as I want you back  
I don't want you back  
Could you please  
Stay away from me  
As much as I want you back  
I don't want you back

Could you, please  
Stay away from me  
As much as I want you back  
I don't want you back

Could you, please  
Stay away from me  
As much as I want you back  
I don't want you back

I don't want you back
