They always find you all the time

I befriended my confusion quite some time ago  
She tells me everything is gonna be alright  
(It's alright)

My senses make it real to me in all types of ways  
But I'm so angry at my jealousy  
That I hold it inside my heart like it's alright

Catapult my visions into realism's bosoms  
Dreams prefer caesarian with plastic spoons and  
knives  
That's what you get when your brain masturbates  
There's no pleasure

So when I evacuate my intimate states  
While screaming, "Oh, how sweet it is to be loved by  
you"  
The dirty rats you shoot me in the ass  
So I don't know what happens when I free my mind

Oh, the cuts that you create, let me be the martyr  
If I started to love you now, there'd be no end to you  
Oh, pick up my embrace, it lives without a reason  
'Cause if I killed you now there'd be no end to you

Cure my house of cards, she sends me tears from  
outer space  
I'm wondering can I not enjoy the pains I find  
(It's alright)

Mirrors give me confidence in needing myself  
But I'm so terrified of being me, I get so right

I'm tryin' real hard not to be exactly the way I am  
The next time I come here all I'm bringing to this  
atmosphere  
Is the will not to do it again  
Understand, I got neon king kong standin' on my back  
Can't stop to turn around, broke my sacroiliac

Tryin' to keep sealed where this brother's really at  
To tell the new millenium, "Yo, what da dilly black"  
You look cute in your stars and stripes  
She said, "Are you coming out tonight?"  
That's why whom ever loves me will have to be my killer  
'Cause here I'm just a slave tryin' to be the nigga

Oh, the cuts that you create, let me be the martyr  
If I started to love you now, there'd be no end to you  
Oh, pick up my embrace, it lives without a reason  
'Cause if I killed you now there'd be no end to you
