They try and keep you down  
But they don't know, they don't know your dreams  
The pride that leps you get throught the day  
Something a nickel or a dime can't take away

(understand love for what it is, and keep it universal)

Yes I know  
That you hate what you are  
But don't you know  
The promised land's not that far  
Yes I know  
Your pride has gone away  
But there's always another day  
So I say

Hey brother  
I'm never gonna let you down  
I'll help you turn it all around  
You cn count on me  
Hey brother  
I'm here because I understand  
I'll always treat you like a man  
You can count on me  
You can count on me

Don't let'em keep you down  
Ya gotta try, as hard as it may seem  
A victim of a world that's lost it's mind  
Still the same, you're just like me

(they say love is eternal, but I bet it's longer than that)

Yes I know  
That you hate what you are  
Don't you know  
The promised land's not far  
Yes I know  
Your life has gone astray  
There's always another day  
So I say

[repeat chorus]
