

Distant Thunder "Fire In The Skies"

The doom awakening foreseen light years ago
Punishment in flames approaching like a molten sky

Wrath in his eyes blazing
This burning god appears
The watcher out gazing
A distant thunder draws near

Creator of what was righteous awaits to make his stand
Targets the world with his anger, his hammer strikes
Down

Wrath in his eyes blazing
This burning god appears
Merciless out there gazing
A burning death draws near

Vengeance burns within his eyes
Fire in the skies
Vengeance burns within his eyes
Fire in the skies

The doom awakening foreseen light years ago
Out of the molten sky, his hammer strikes down

Wrath in his eyes blazing
This burning god appears
Merciless out there gazing
A burning death draws near

Vengeance burns within his eyes
Fire in the skies
Vengeance burns within his eyes
Fire in the skies

Across the sky his torching course
Such agony, blistering force
The flames engulf, fires collide
Burnt to a crisp, ashes remain

Vengeance burns within his eyes
Fire in the skies

Vengeance burns within his eyes
Fire in the skies

Vengeance burns within his eyes
Fire in the skies
Vengeance burns within his eyes
Fire in the skies
