"Shock To The System"

Now the water, it is rising
Just like a stone, I am falling
Shoulder to shoulder, people standing
Dressed in black and white, all the same

Uhohuhoh

A shock to my system
And it's a shock to my soul
Yeah it's a shock to my system
And it's a shock to my soul

It's far too late, too late to say sorry
It's far too late to ever come on back
It's far too late, too late to say sorry
And it's far too late to ever come on back

Uhohuhoh

A shock to my system
And it's a shock to my soul
Yeah it's a shock to my system
And it's a shock to my soul
