"Unite Us"

It's fifteen to five. I'm still wide awake. Something's on
my mind, I can't hide away
There's a sandy road down a single track, I left home
again
And the chance's that I won't be back for some time,
babe
I'll kiss the ground at your feet, we'll rise up from the
ashen heat
You'll write the reason to go on, I'll turn your lullaby into
song

Unite us, baby I can feel a change. Don't we all feel the
same?

"Come together" Lennon sang. Unite us. Something
that you can't erase
Let the vision never fade. Come together. Now to stay

Unite us, unite us, unite us, unite unite

Livin' on your scent I kept for 20 days
There's a million moments left burnin' on the highway
I'll hide the reigns, lost control. You'll light the sky to
lead us home.

My sweet bullets right the wrong, I'll turn your lullaby
into song
Unite us, baby I can feel a change. Don't we all feel the
same?

"Come together" Lennon sang. Unite us. Something
that you can't erase
Let the vision never fade. Come together. Now to stay

Unite us, unite us, unite us, unite unite [x2],

You'll write the reason to go on, I'll turn your lullaby into
song

Unite us, baby I can feel a change. Don't we all feel the
same?

"Come together" Lennon sang. Unite us. Something
that you can't erase
Let the vision never fade. Come together. Now to stay

Unite us, unite us, unite us, unite unite [x3]
