You want me to give a show  
Well i don't really want to  
You want me to impress  
Well I don't really need to  
And who the fuck are you  
Where the fuck did you come from  
And if you wanted to be hednigga  
You shoulda filled out and application

So you want me to face the crowd  
Well I don't really feel like it  
So you want me to jump around  
Well I am not amused  
And who the fuck are you  
I gave my life to this kah  
Wee me walkin with my demons  
Laughin' and schemin'  
Lookin' for the truth and the meanin'

You must be confused  
You must be confused  
You must be confused  
If you think i give a fuck  
You must be confused  
If you think i give a fuck  
If you think i give a fuck  
Say what this brotha don't give a fuck  
Save your breath yeah  
So save your breath  
Save your breath  
For someone who really does give a flyin fuck

Tell it like it is hednigga  
Tell it like it is

You want me to be ethical  
You want me to be moral  
You want me to smile  
You want me to be normal  
I am not professional  
You want me to sing

You want me to pray  
You want me to believe  
Well fuck that shit!  
That shit ain't me!

You must be confused  
You must be confused  
You must be confused  
If you think i give a fuck  
You must be confused  
If you think i give a fuck  
If you think i give a fuck  
Say what this nigga don't give a fuck  
Save your breath yeah  
Say save your fuckin breath  
Save your breath
