Ain't nothing working ain't nothing right
There's a whole in me that I can't fill
No matter how hard I try

Hey bartender hit me with a double
And introduce me to that girl with the bubble
I'm looking for trouble tonight
No momma don't trust me tonight
You be the center baby
I'd be the quarterback
Hike hit the tailback
Watch it on playback
Jah smash that hitting that redbone
Up in the endzone biting on the collarbone

[chorus]
I just want your company
I just want you to comfort me just come with me

Hey bartender hit me with another
I just about had to kill this brother
Shit I'm looking for trouble tonight
You be the beauty - baby
I'd be the beast
Who gives a fuck take it to the bedroom
Take it the streets
Take it like a man muthafucker
Yo bitch chose me muthafucker

[chorus 2x]

Take me there take me with you
I can't be alone tonight
I can't be alone tonight
I can't trust myself tonight
I can't trust myself tonight

Baby please don't trust me tonight
No please don't trust me tonight

Ain't nothing working
Ain't nothing right

There's a whole in me that I can't fill
No matter how hard I try
Ain't nothing sweeter there ain't nothing wrong
All the pain that I receive keeps me strong
It keeps me moving on

I just want your company
I want you to comfort me just come with me
I just want your company
I want you to comfort me just come with me I just want
your company
I want you to comfort me just come with me

Comfort me Just come with me
Comfort me Just come with me
