I'm fascinated with pussy
Patron and percasetts
I graduated to groupie love
And dirty sex
Infatuated, in running with the devil
I'm a god, I'm a rebel
I'm a dog, I'm a fuckin mess
You wanna get in
On my personal armageddon
Threatened by my recklessness
You powerless, I'm obsessed
I'm possessed with the heart of a warrior
Spawned and raised in southern killer california
I got that bubble gum, yeah I got that JD
But JD only make a nigga crazy
But jagermeister, make a nigga nicer
And grey goose help the groupies get loose
Yeah there's a demon inside
The slow suicide, that can't be denied
The jekyl and hyde, that bonnie and clyde
You dig?
No regrets, no stress
Never vex, no
Take your time, you got time
You the next

Uh oh, uh oh, comeova2nite
There's a riot in the parking lot
We dancin' in the moonlight
Hey hey, get your head right
You a rockstar, larger then life
Uh oh, uh oh, comeova2nite
There'll be fighting in the parking lot
And fuckin' in the moonlight
Hey hey, get your head right
Your a rockstar, larger then life

Rock-rock-rock-rock-star
Yeah let everybody know
I just don't give a fuck

Mommy I smoke, and I drank
I fuck, I fight, and I stay
Punk rock for life
Getting high in the club all night
Mommy I know what you want
The other boys aint doing it right
You come on over and I fuck you all night
For real though
Shorty I know you feel the electricity
You feel the fire rising
Come and smoke a joint with me
It's a prophesy
A punk-rock-oprahcy
And all shots are free
When shorty rocks with me

C'mon, c'mon

Forget about games
Just give me that thang
I gotta get inside her
I'm a little insane
Gotta give her that pain
Murderin' right behind her
Wanna get her back home
And when I get her alone
I'm gonna hurt her
Homicide, serial killer
Baby I murder ya!
Uh oh, uh oh, comeova2nite
There's a riot in the parking lot
We dancin' in the moonlight
Hey hey, get your head right
You a rockstar, larger then life
Uh oh, uh oh, comeova2nite
There'll be fighting in the parking lot
And fuckin' in the moonlight
Hey hey, get your head right
Your a rockstar, larger then life

Rock-rock-rock-rock-star
Yeah let everybody know
I just dong give a fuck
Rock-rock-rock-rock-star
Yeah let everybody know
I just dong give a fuck

I live my life on the edge
So that I might jump, if you don't push me
Got the infared
On the ride, punk for punk pussies

I pull up in the bentley
I fiend the good weed and hennessey
Trunk full or fully's and semi's for my enemies
Yeah am I foolish for my ways, maybe
But I'm gettin paid baby
Grew up in the eighties
They labeled us ronald reagen babies
Obsessed with money and sex
Cars and jewelrey
Everybodies dying, who's next?
It could be you or me
Heavily sedated, I've never been this faded
Investigators pursuing me
Tapin my conversations
Cuz the shit I say will prolly get me killed
Lyin' niggas just wanna body me
But I don't think they will
Scar-faced, god he got a posse
A dog-faced, who was shot
He's in the car chase
Tryin' to escape from papparazzi
I'm a block star, known as the glock star
With shots, popped off, in the moonlight
Duckin from cop cars

Uh oh, uh oh, comeova2nite
There's a riot in the parking lot
We dancin' in the moonlight
Hey hey, get your head right
You a rockstar, larger then life
Uh oh, uh oh, comeova2nite
There'll be fighting in the parking lot
And fuckin' in the moonlight
Hey hey, get your head right
Your a rockstar, larger then life

Rock-rock-rock-rock-star
Yeah let everybody know
I just dong give a fuck
Rock-rock-rock-rock-star
Yeah let everybody know
I just dong give a fuck
Fuck, fuck fuck fuck

Bounce, sweat!
Homicide, serial killa
Baby I murder ya!
